6 Important Patterns of Rural Settlements in India

The lanes in the rectangular settlements are almost straight, meeting each other at right angles. Over 50 per cent of the world population lives in rural settlements, and most of the people inhabit the settlements of rectangular pattern. Rectangular settlements mainly develop in productive alluvial plains and wide intermontane valleys. The lanes in the rectangular settlements are almost straight, meeting each other at right angles.

Rural settlements and society in Anglo-Saxon England. [Helena Hamerow] -- "In the course of the fifth century, the farms and villas of lowland Britain were replaced by a new, distinctive form of rural settlement: the settlements of Anglo-Saxon communities.

**Rural settlements and society in Anglo-Saxon England (Book ...**

The chapter first reviews the difficulties involved in establishing settlement layout. This is followed by a discussion of how settlement forms changed during the Anglo-Saxon period from unenclosed, dispersed settlements to more nucleated forms often characterized by enclosures. The distinction between rural and urban forms is discussed as is the relationship between Late Saxon and 'medieval ...
